

*“Live
Your Dreams
Each Day”*

*Dream of the life you want to live--
the sights you want to see,
The skills you want to cultivate,
the “you” you want to be.
Dream of the life you want to live--
then take your dream to heart,
In everything you say and do,
let your dream play a part--
Let it be a shining light
that guides you on your way...
Dream of the life you want to live,
then live your dream each day.*
